VERTICAL VINYL

WALL MOUNTED TURNTABLE

Hear your music from another angle.

Catch the eye, and ear, of everyone with ION VERTICAL VINYL wall-mountable turntable. VERTICAL VINYL gives you a great way to save surface space in your living room, office or dorm room with its wall-mount design. A fun, new way to experience your records, VERTICAL VINYL will also impress your friends and guests by defying gravity when playing records sideways!

Instantly listen to your music using the built-in speaker with volume control. Play any record you own by choosing between 33 or 45 RPM platter speeds and using the 45 adaptor included with VERTICAL VINYL. VERTICAL VINYL is also battery powered so there are no wires climbing up the wall for a clean, modern appearance.

Also acts as a tabletop horizontal record player. For a turntable that's sure to turn heads, look no further than ION VERTICAL VINYL.
